BLUE AND GOLD '70

Sixteenth Edition

PATHWAY TO TOMORROW

As we step into the unknown future we glance behind ourselves for inspiration. In the last decade, man has accomplished more than in any comparable span of time in history. It is, therefore, only fitting that we dedicate this year-book to the new decade. So, let us stride bravely into the future with confidence, taking our accomplishments with us as a basis for even greater achievements.

LIVING

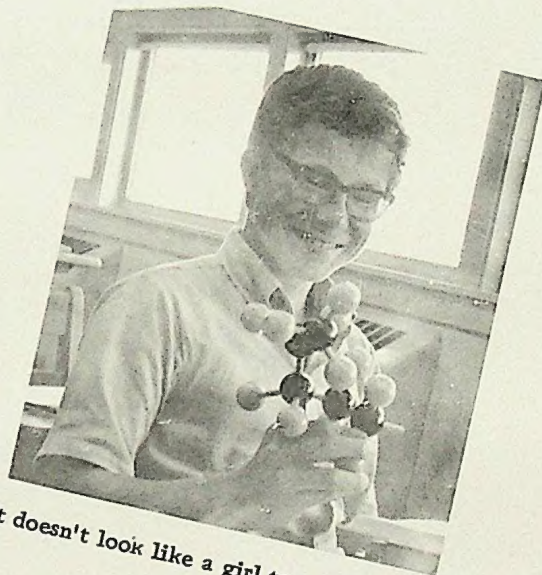

"Now, this is what I call a quality chain."

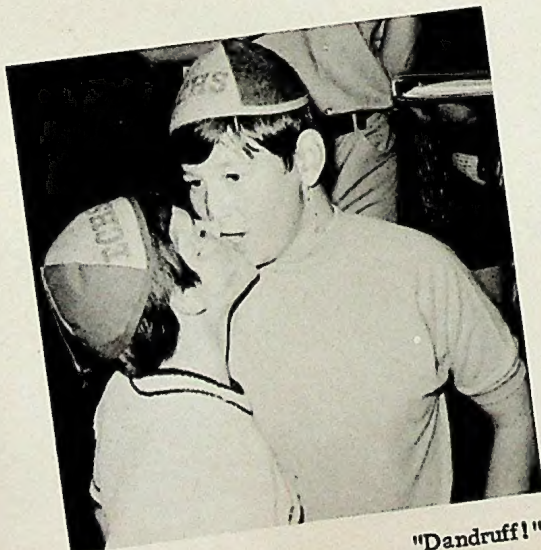

"I know I said it was time to throw in the towel, but I didn't mean it literally."

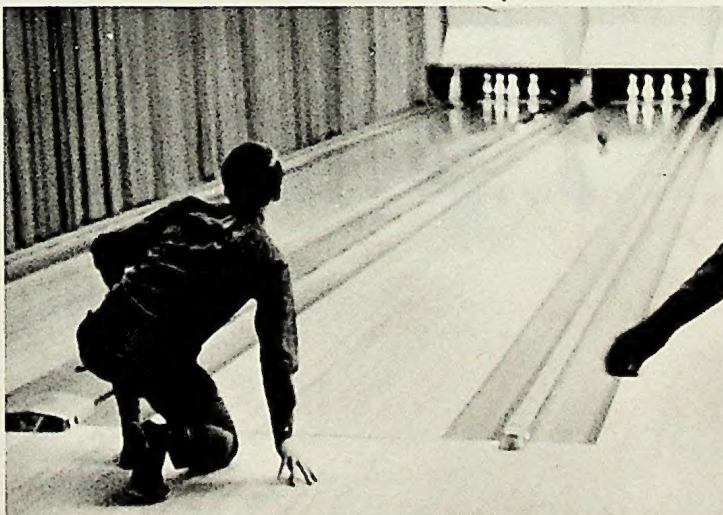

"Me? I'm building a girl--molecule by molecule."

"It doesn't look like a girl to me."

"Dandruff!"

"Let's see, $\frac{4}{3}Vid + 2 \frac{3}{2}mVt^2 = \frac{6m(at^2 + 1)}{3}$;
therefore, the ball should hit!"

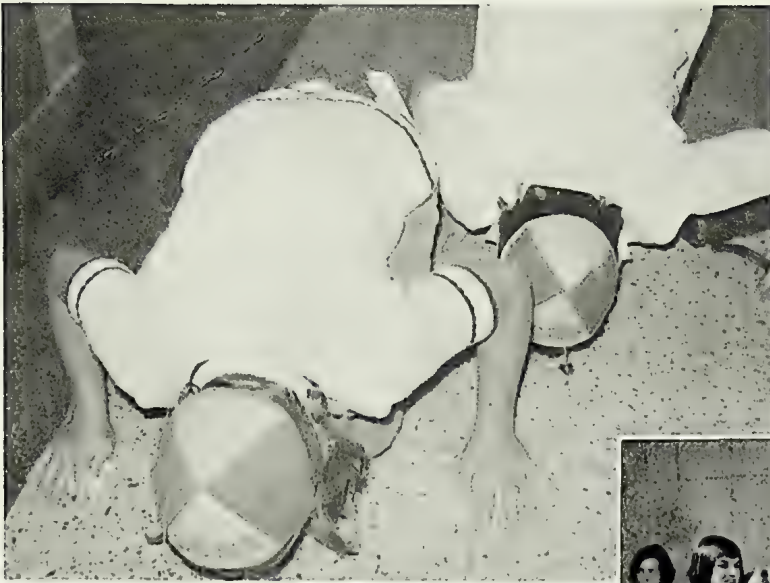

FESTIVITIES

FROSH

1969

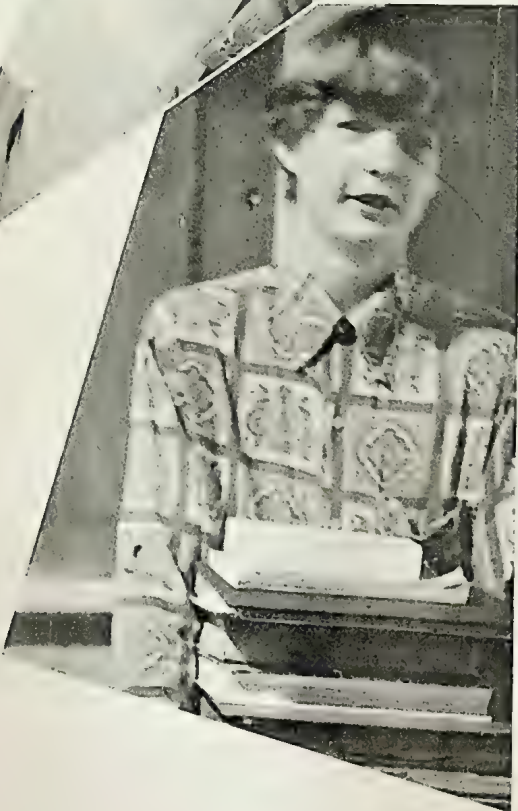

"I'm afraid I still can't see it".

"All together now1, 2, 3,"

"Yes, my 'Foamy' can did explode.... Why do you ask?"

"Charlie Brown's Christmas."

"Modern interpretation of Christmas."

EASTGLEN'S

Two traditional Christmas activities were continued at Eastglen again this year — decorating our Christmas tree and holding a Door Decorating Contest.

"Christmas in the beginning."

CHRISTMAS

The winner of the contest was Room 225, who made a model of Snoopy's Doghouse, which included everything from his Van Gogh to a miniature Christmas tree. Runner-up was 216 with their "Traditional Christmas".

"Traditional Christmas."

"Eastglen's Christmas tree."

"Snoopy's dog house."

CHRISTMAS

"Santa's Anonymous collection".

"Christmas spirit in the main office".

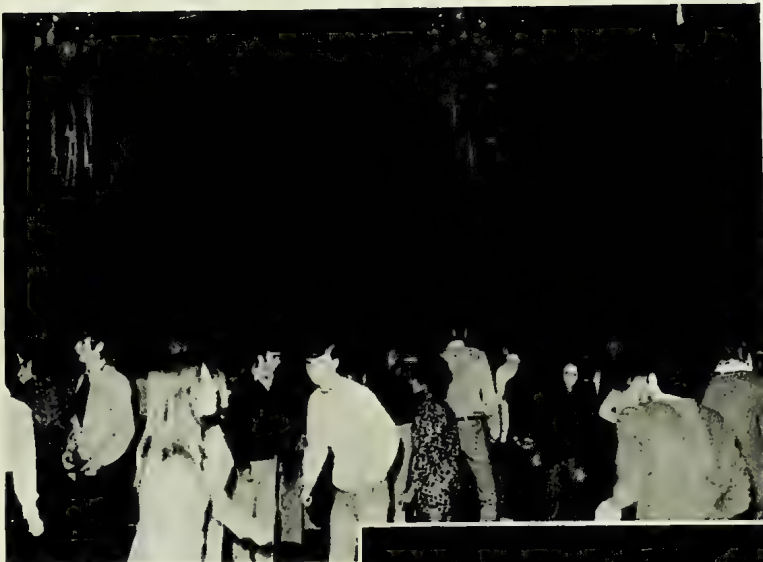

FESTIVITIES

"Santa Claus made his rounds".

CUPID'S CAPER

On Valentine's Day this year, Cupid worked overtime in helping to make the most successful "Cupid's Caper" yet. A double bandstand, consisting of "Franklin Stove" and "Dick Tater", played to one of the largest audiences to gather this year at Eastglen.

SADIE

"What's the matter? Didn't you ever see a powerful machine before?"

"When I say 'right', you go left and when I say 'left', you go right and when I say 'right', he goes right and...."

HAWKINS

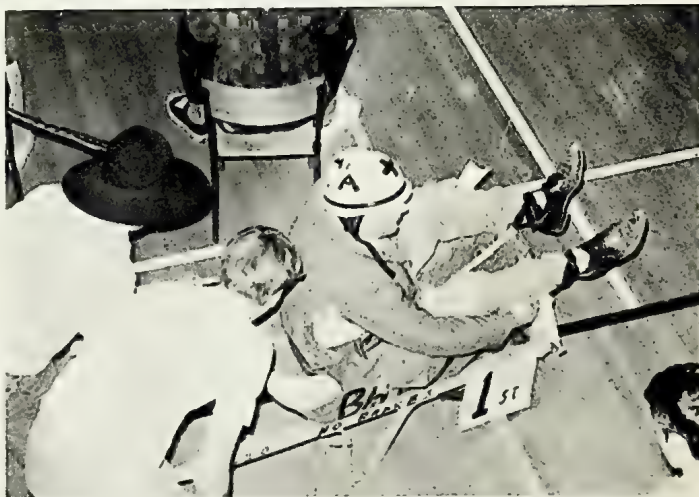

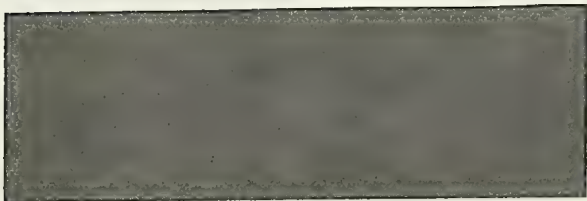

"My mother told me never to talk to strangers."

"Where is that nut with the camera?"

Li'l Abner characters came to life on Sadie Hawkin's Day as Eastglenites donned dogpatch" garb. At noon, wheelbarrow races were held with Mr. Abramowski and his team being the diputed winners. To "CAPP" off the festivities we danced to the sound of the "Barry Allen Group" until 11:30.

"Don't just stand there, help me out! I'm stuck."

CLUBS' DAY AT EASTGLEN

Eastglenites were introduced to the many active clubs this year as we presented Club's Day. Each of the twenty clubs put up a display in the gym to attract new members.

GRAD CLASS PRESIDENT'S MESSAGE

Graduation for most of us is an end to the past twelve years and a beginning to a whole new world—a world so different from the one we have experienced, a world that is ours. So, Grad 70's, I wish you all the best in your endeavors in the future and may you look back on Eastglen with happy memories.

On behalf of the Graduating Class I would like to take this opportunity to thank Mr. Samiroden (Council Advisor) and the Grad Class Council for all their initiative and efforts which made our Graduation Day the most memorable of them all.

BEST WISHES
CHERYL ERHARDT

GRAD CLASS COUNCIL

Valerie Frunchuk, Melia Mishio, Sandra Prostebby, Karen Scraba, Heather Wilson, Linda Kennedy, Roy Marlowe, Sandra Cymbala, Trudy-Gay Marion, Cheryl Erhardt, Jim Power, Jim Adams, Mr. Samiroden.

HONORARY PRESIDENT

Initially I want you to be aware of two major assumptions I am making. The first is that life is already quite complicated, and the second is that it is likely to become even more complicated—and not just because this particular group is graduating this year. Because of this increasing complexity it seems to me that the issue of the seventies will be that of asking the question. You know that issue of "to partake or not to partake" in many activities. Therefore the issue for you—the first graduating class of the seventies—is twofold: that of providing alternative answers to the question if it is relevant, and that of asking yet another if it is not.

This might sound like a progression—in fact it better because I hope it is—and a progression concerned with personal involvement. This involvement—as you will find in many cases—is conditional. In this instance the first condition is that of awareness of, and satisfaction of, the self. This idea can be presented in many ways, but quite basically "How can you expect others to believe in you unless first you believe in yourself?" Of course, self-evaluation should be realistic. If not, consequences can be brutal. As evidence I would like to include a message from Marx. Not Karl, as some might too quickly assume, but Groucho, he of cigar and quiz-master fame. "I don't care to belong to any social organization that will accept me as a member". In comment, self-awareness must be kept in some kind of perspective and it will be up to each of you to establish the one appropriate to you. The second condition is that of social awareness and by social awareness I mean simple recognition and acceptance of differences of all kinds. And this, I believe, you have already developed. It is this awareness particularly which will make possible your direct involvement in this whole process. Remember that the anticipated result—satisfaction—cannot be realized without involvement and that involvement cannot be realized without initiative and, in turn, that initiative comes from the self. But, it comes from the self because of social awareness.

Now let me make one contribution, almost as a sample. To the commonly heard question "Is this graduating class ready to face the world?" I would suggest for you the most pertinent answer is "IS THE WORLD READY TO FACE THIS GRADUATING CLASS?" This question is asked yearly. This answer, and I hope you agree, indicates the involvement necessary to make the whole progression I have been talking about operable.

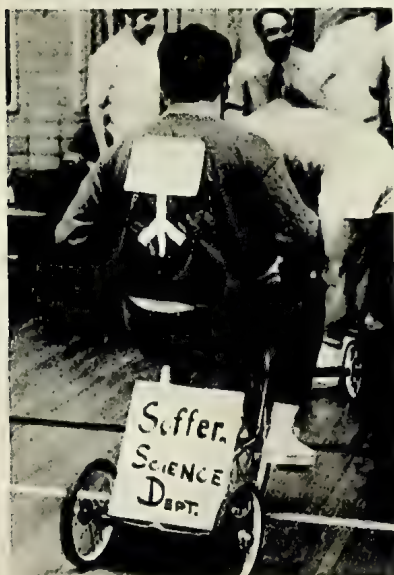

Two things remain: one, to offer some personal advice and two, to conclude. Football coaches have sayings to fit nearly all occasions and since I am such a person I tried to find just the right one. As one can imagine, the pressure builds as you near the opposition end zone and at this time the decision of what play to use has to be answered. Typically the answer is "use what got you there" to score. You have finished one phase of this "getting you there" and I hope that with it you are able to successfully score in life.

In conclusion, I want to state that I have very much enjoyed my association with this graduating class. Thanks for the honour of Honourary President and for the opportunity to speak to you tonight.

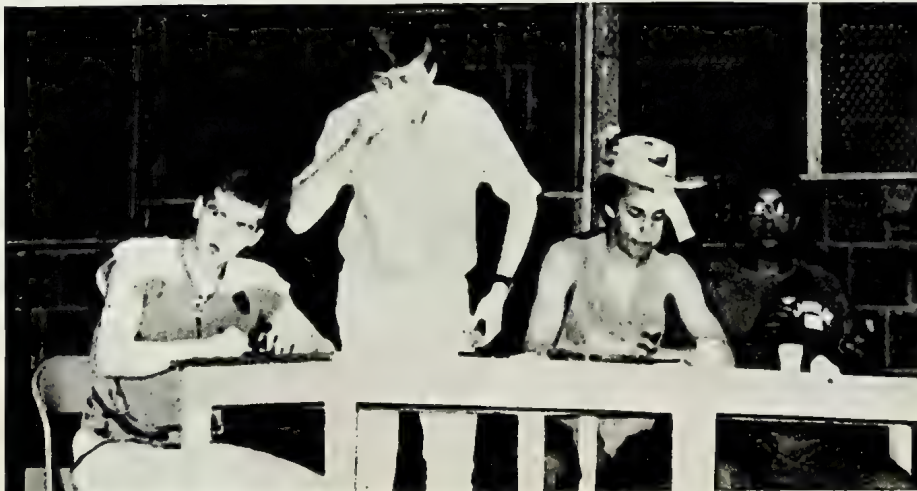

Mr. A. G. Rankel

Grad Week '70 was a fun-filled, rollicking week, designed especially for the usual purpose of raising money to help make Grad less expensive. There were lollipop and coffee sales, a mis-matched clothes day, a kubasa-eating contest, and a tricycle race on which students could place their bets. The week was brought to a successful finale with a dance to the sound of "The Key".

VALEDICTORY

The end of our formal education is rapidly drawing near. We will soon enter the years of our practical education where we will learn a trade to learn how to accept social responsibilities as well as other everyday normalities. It is now when you must make your most important decisions. Will you further your education at University or NAIT, or will you become a member of the working force? What type of work is right for you? Are you sure? The determination and resolution with which you decide is a grading of your success within that field, for your stability and fulfillment as a person relies upon the practicality of your choice.

We are progressing in an age where we encounter new problems of a completely different nature, dealing with new and diversified aspects of life. We are committed to deriving logical solutions which will, hopefully, benefit all, not just the chosen few. No longer do we have a text book to give us the answers. We are now left to dwell on our past experiences and upbringing.

Tomorrow is the beginning of the rest of your life. It is how you treat your tomorrow that will determine your social status, your chance of opportunity. But these are only minor compared to the ability to adjust and adapt to new environments to ensure personal happiness and contentment. My hope is that each and everyone of you will make your decisions accordingly. If you accept a challenge, it is because it holds interest and inspiration such that you will knowingly put forth a total effort to defeat the opposition. That will be your success, not necessarily monetary, but a very personal and intimate success.

I would like to take this opportunity on behalf of you, the student body, to acknowledge the diligent and ceaseless efforts of our teachers to assist us when we needed it. They provided the reference on whom we could count. The encouragement and inspiration our parents instilled to generate our self-confidence deserves primary recognition.

We are on the verge of joining the hustle and bustle of the everyday world. We are to be the new majority, hopefully, not a silent one, for it is the ability to speak when called upon that gives strength to the individual and power to the masses. If we speak with authority, resolution and intent, society will be: OURS TO COMMAND.

CLASS HISTORY

Not one of us, I am sure, could say in honesty that the last three years at Eastglen have been long ones. Nor can we say that we will not miss the halls that have seen us through bad times and good. You cannot leave a place that has been your home for eight hours a day and not feel some pangs of regret. Few will admit it—now—but these have, indeed, been the best years of our lives.

It seems as though it was yesterday that we stepped through the main doors at Eastglen for the first time. This fearfully huge building with over 100 rooms and mysterious passages was to become a home away from home for us. The tittering girls and the over-shy boys were all lost in a swirl of elusiveness as vain attempts were made to evade our aggressors, the sophomores and seniors, who had us under their thumbs. It seemed as though Frosh Week would never end.

Then came the activity card with our very own picture on it that we displayed with pride for the first time at the Frosh Dance. After that came the excitement of the games where we cheered our girls' volleyball team to the final city victory, our basketball team to the city semi-finals, and a football squad to third place in the Eastern division.

There was always something exciting to do—clubs to join; boys to ask to Sadie Hawkins; a chance to attend a Klondike Day where NOBODY could see your ugly legs; and the opportunity to enjoy the year play, The Lower Depths. There was laughter and tears, the pain of finals and suddenly...we weren't frosh any more!

Look at the ugly frosh.....eeecchhh!!! No WAY did WE look like THAT! Uncouth! This time instead of dread we were filled with the hungry anticipation of Frosh Week. "Do unto them; as they did unto us" went over great as our slogan. Aaaaaahhhh....the sweet taste of revenge!

The school games were old hat to us now, and night dances found us accompanied by boys. Christmas spirit saw us through the door decorating contest and the lively support of the Santa's Anonymous drive. We witnessed many artistic works such as the Eiffel Tower built to scale in toothpicks! Remember chills and spills at Sundre, the spaghetti dinner, Ski Nite, powder Puff football games, a real live goat mascot, and the emotion-filled play, David and Lisa.

Another summer and now, after two years complete hall domination was ours. This year we had just as much fun protecting the poor animolecules from the over-aggressive sophomores as we did slaughtering them. We were given the pleasant memories of the victory of a free dance due to the largest donation in support of Cystic Fibrosis, a Chili Feed, the victories of the basketball teams, Good-bye My Fancy (another drama special), the joy of dispensable report cards, and the teachers who helped us to complete our education here.

The worries of how to arrange grad three months ahead of time are over now and our stay at Eastglen is fast drawing to a close. The years are what we have made them and we only got out of them what we put in. We're at the end of the line and no one is around to throw us an extension. The friends we've made and shared our secrets with will soon go their separate ways. But I would like to say....Thank you, everyone, for leaving us with these fond and wonderful memories of our youth.

CLASS PROPHECY

Ladies and Gentlemen. Tonight live from the fabulous Edmonton night-spot and action centre, Danceland, we present the Terry alias Ed Sullivan Forflyow Show.

"Tonight live on our stage," begins the immensely wealthy M.C., "the Bodiacs, the Chem Crew (complete with wash bottles) and the Fallout Five—after this commercial.

Immediately, the picture is interrupted by none other than Don Marco with a VW button on his suit. "Ladies", he begins, "you must try Playtexas" new cross your _____. A blonde model walks across the stage modeling the --- whom everyone recognizes to be Ingrid "Inkie" Dowsett.

"You must", as the announcer continues, "rush out and buy this at once before they are all sold out."

The picture returns to the show.

"Before we continue our show", starts the host, "we have an important dignitary in the audience tonight". The King of the new Asian nation of Sourchip, KING DWIGHT HESLOP. Stand up and take a bow, King.

"Our first act tonight will be none other than Eugene (King Flab) (Tiny) (Head Beef) Krawchuk", singing his famous hit song—I Watch You Through the Keyhole, But I Can't Get Through the Door.

Meanwhile outside, Chauffeur Doug Prostebby escorts his famous employer to the door. As she enters, her private cheering section—consisting of Pam McPhail, Linda Kennedy and Susan Banford—begin cheering, waving, and clapping obediently. The famous starlet who was once the meek and humble Karen Scraba, now known as Tuesday Wednesday, meanly looks down with disgust at the humble audience and beams a smile towards the stage cameraman Ken Lynkowski, who catching her smile, nearly falls off the stage. Tuesday very calmly proceeds to her seat with her obedient slaves following close behind.

"Next", says Terry Sullivan, "we have Jim Goruk and Judy Ross" singing a song written by the very talented young composer Rob Odymsky entitled "How Great I Am."

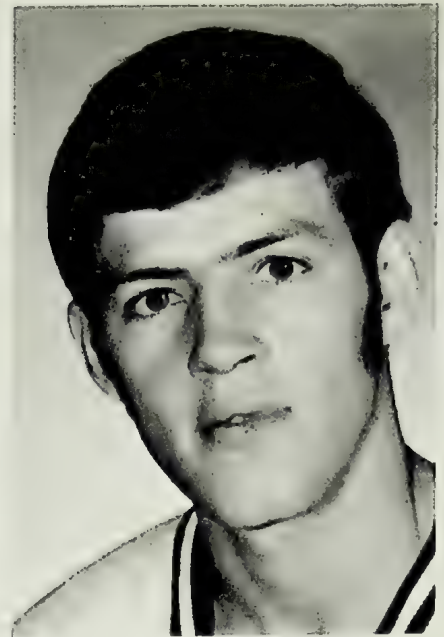

As the curtain opens, one sees a statue portrayed by Donna Snell who finally got her big break in acting on a tip from Gene Domichelli, the new janitor.

As the couple strides on stage, one sees they are both wearing hot pink jumpsuits which are identical in every way. At the completion of the song, Ed Forf strolls out, gives them both a big kiss and says, "Let's really hear it for Goruk and Ross. We'll be right back after this quick commercial."

The picture abruptly turns to a husky young woman in an exercise suit. Mana Moose, formerly known as Renita Englert, begins, "Down 1, 2, 3, 4. Down 1, 2, 3, 4. All right, Ladies, let's get into shape." This is part of Prime Minister Duhwoo Engley's new Physical Education Program in which each other commercial is an exercise period of one minute.

"Now, the Chem Crew, featuring Willy Crow Magnite Williston on vocals," exclaims Eddy. The three—Bryce Williston, Eric Dowler, Labo Lobossiere—stride out in their Chem Crew sweatshirts and water bottles in their hands.

"Tonight", says Willy, "we are going to sing our famous hit song, 'I'm Flunking Chem' written by J. Richmond. After their song Terry walks out. "Now before our next act," he begins, "I'd like to show you a preview of a new film produced by Todd

Chris Koster

Hall Inc., directed by Todd Hall Inc., and distributed by Todd Hall Inc., entitled The Return of the Lovebug, starring Brian Koshman, Linda Senuita, Robert Logue and featuring as Herbie the Lovebug, Rich Bodnar.

-Film is shown-

"Should be a very, very, very, good show, really worth seeing.

"And now the infamous Westacott Brothers and their Dancing Dogs." At the completion of Sully's introduction they rush on the stage. Each of the brothers is wearing a set of ear-phones which allows one to draw the conclusion that they are still ham radio nuts even though they are now in the canine business. The twins' close friend, John J. Oluk, a mad scientist now in the asylum, was the one who got them their dogs. He perfected a method of transplanting human brains into the body of a dog. This is the reason these dogs are so smart. One of the female dogs, a little on the thin side, is seen to be jumping around chasing the male dogs. Everyone recognizes the female dog to be Trudy (Masher) Marion. Some of the other dogs include Doug Cobbledick, Opic Oppelt, and Christi Rudko. At the conclusion of the act, just as the curtain is closing, one catches a quick glimpse of Doug (Joseph J. Wiener) Banford, who has scaled the heights of the business world, sweeping up the remains of the dogs into a small shovel.

"Now before I tell you about next week's show, here is Lacousta and Berezanski singing 'The Yearbook Blues'. Take it away, boys."

"Starring in next week's show, The Untouchables;" Ed begins, "that popular female vocal group, minus Marilyn Leickner who just recently quit the group to stay ahead; Cheryl Erhardt singing in falsetto along with her husband and dancing partner Mike Holiday 'I'd Love to Catch a Butterfly But I Haven't Got a Net and It's Too Cold Outside.'" Also, the juggling act of Holub and Krueger, and for all you kiddies Daniel "Jose" McKenna. That's it for tonight, Ladies and Gentlemen. We'll see you next week—same time, same channel.

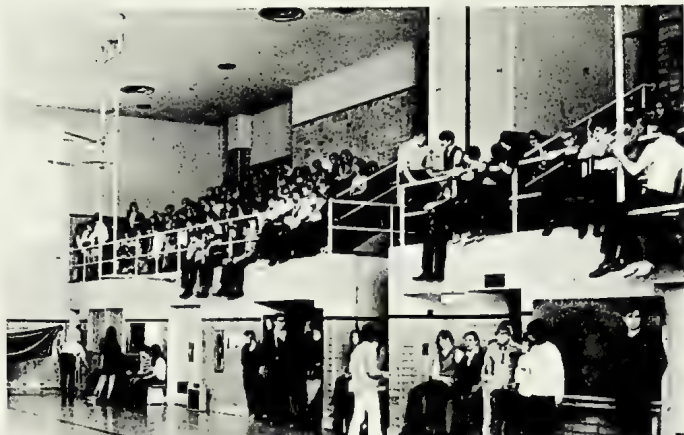

"Good Night All!"

ADMINISTRATION

PRINCIPAL'S MESSAGE

May I take this opportunity to extend to one and all the best of everything for a fine summer vacation.

May I also commend this book to you as an outstanding memory of the past school year's activities. Eastglen High School had a very interesting and often times exciting year. The Grade XII class, as was expected, provided innovative leadership in the fine arts, in sports and in students' activities. This book has recorded in pictures and prose those efforts and the result of the new ideas.

A high school in the complicated society of today must be very aware of the learning possibilities in all activities. It is no longer enough to talk about democracy in the social studies class

but it must be practised in the corridors. It is not enough to study the principles of proper diet but we must also prepare balanced meals in the nutrition lab. It is not enough to talk about the pollution problem but the science classes must take field trips, gather samples and perform scientific checks. There must be in the high school of today a practical practising program as well as excellent history classes.

As you go through your Blue and Gold Yearbook, note on how many occasions Eastglen has practised what it taught. Our school was a vital, enthusiastic place and your yearbook committee caught this spirit in its production for the school year 1969-70.

This yearbook is the result of many, many hours of patient and responsible effort by a few conscientious Eastglen students. We of the Blue and Gold '70 staff are very proud of the end result of our application, and we hope you find it both interesting and enjoyable.

We would like to express our appreciation to the people who helped to make this publication possible. We sincerely thank our teachers, the administration, the secretaries, and the caretaking staff for their co-operation with our needs and unusual hours of school attendance. We especially would like to express our gratitude to Mrs. Allison for the use of her typing classes, and to Mr. Rankel who lent us the time and manpower of a few entire classes.

In closing, we would like to say that if you like this yearbook we willingly and graciously accept your congratulations.

Thank you.

The Eastglen Gazette this year took on a fresh look with a new symbol and heading style. Along with this we tried some new ideas in layout and content, such as surveys, a personality quiz, and other special features. We also tried to involve the students in the publication by stressing the fact that it is their newspaper in which to print what they like.

We would like to express our deep appreciation to the students and staff members who co-operated with us to help produce a quality high school newspaper.

We hope that you enjoyed the 1969-70 issues of the Gazette, and that next year you will be able to appreciate a comparable standard of reading enjoyment. Thank you.

SOCIAL CONVENOR'S MESSAGE

School spirit was the dominating atmosphere of the year 1969/70. Enthusiasm throughout Frosh Week made it a success, but the true spirit of Eastglenites was shown during the Cystics Fibrosis Campaign. We outdid all the other high schools and won ourselves a free Christmas dance. Flaunting our costumes we laughed our way through Sadie Hawkins, Chinook, and Klondike Days, races being made even more difficult because of them. Participation soared as high as the snowballs in the Winter Carnival, and at the Folk Festival the great turnout confirmed that folk music still rates high at Eastglen. As usual the dances were supported the best.

Social activities were made a success because of the involvement. It was a great experience for me; meeting so many people and above all being able to work together with the many enthusiastic teachers and students. I hope that the activities provided as much enjoyment for everyone else as they did for me. This year was the most rewarding of my school years and I have only you, the Student Body, teachers and staff to thank for it. Thank you very much.

PRESIDENT'S MESSAGE

That time of year has come when we must all say farewell—farewell to a way of life, farewell to friends, and farewell to a year filled with memories.

For me it was a year that I will not forget. Why? I learned about people and their ways, I learned that life is not all roses, and I learned what responsibility and hard work really mean. It's a world where people really do make a difference. The people I learned from were you. I saw people who participated in everything, helped with whatever they could, and were happy. Then again I saw those that ruined other people's hard work, were apathetic, and put on the attitude that "they didn't care," . . . they were alone.

Eastglenites, you did yourselves proud this year. You showed all of the high schools in Edmonton that we've got what it takes. We raised the most money in our Cystics Fibrosis Campaign. Somewhere there is a child who can breathe properly again and grateful parents who are thanking God for people like you. From that action-packed week we won our first Christmas dance which was a huge success. A fantastic year play, a school theme song from our ever-on-the-move cheerleaders, a blood donor clinic that was a real success (153 donors), plans for a new cafeteria, Klondike Days—you name it and we had it and a great time doing it. Eastglen's athletic department had a terrific year: a City Championship for the Girl's Volleyball Team, and high standings by all of our other Blue Devils.

Since it is impossible to re-cap everything, I have mentioned only a few events, but the people who helped bring about a year to remember I will not pass by. To Mr. Probert, our Students Advisor, well, what can I say but thank you, thank you for everything. Mr. Smeltzer, teachers, secretaries, and all others, I didn't know how much you really cared until I found out how eager you were to help us. As far as my Executive goes, well, no words that I can say will ever thank you enough. You were tremendous and Eastglen says thank you. Room reps. and students...you were what Eastglen really is... hard-working, eager to please, responsible friends that are not easily found.

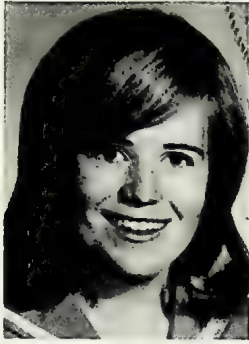

Good Luck and Keep Smiling,

GIRLS' SPORTS

REPRESENTATIVE

Eastglen tackled the house system which proved worthwhile in the 69/70 term. For the newcomers that arrived in the fall a Welcome Assembly was held in the auditorium during Frosh Week. Here the frosh and their senior students gathered into their particular house and met their house president of the year.

The Athletic Association planned the activities as to have competition between the houses in all sports. The girls' teams were always competing in swimming, volleyball, gymnastics or badminton and they even got as far as having Co-Ed Volleyball Teams. The participation from both the boys and girls was overwhelming and next year we would like to see more Co-Ed Activities offered by the A.A. The main objective of the year was to have the teams and activities based on participation rather than skill. Through the activities offered, school spirit was built up making a unit of friends.

Our inter-school teams put much effort into their practises and the games they played. What they put into the game was what they got out of it. A special congratulation goes to Miss Wilson and her Senior Girl's Volleyball Team for placing a first in the City Finals. In the Provincials the girls placed fourth and came home knowing that their team was the only one to beat the First Place Winners in the round-robin tournament.

Thanks goes to the House Presidents and the Physical Education Staff for making this year of activities possible for all who participated and for those who were spectators.

Dianne Chorostkowski

BOYS' SPORTS

REPRESENTATIVE

During the school year of 1969-70 many athletic events and activities were held in which we, the students, participated by either becoming involved in our houseleagues, playing on our school teams, or supporting our many teams.

After introducing the Frosh to the school, we began our new Houseleague system. With a wide variety of sports provided by the Houseleagues, Eastglen students became quickly involved in them. Besides forming many new friendships, these leagues provided a lot of fun and rivalry between the different houses.

Our Boys' Inter-School Teams had an average year and a bright future is in store for next year's teams. For our football games there were large turnouts and a great amount of school spirit. Faithful Devil fans supported our basketball teams well in a winning season. Our other inter-school teams did fairly well, winning a good share of games.

For our athletically minded clubs it was a year of prosperity. The badminton and curling clubs were well organized and handled as were the weight-lifting, wrestling and bowling clubs.

The activities offered us by these sports helped the frosh and the rest of us to become more enthusiastic about our school. This enthusiasm leads to a deeper interest and finally a desire to help to make this school one of the finest.

Only the best for the future is wished for all of us especially for the graduating class. Let us each endeavour to put forward our best effort in order that we may be prepared to take our place in society when we leave Eastglen.

BALL ACTION

The Senior team under the coaching of Mr. Curtis and Mr. Gorgichuk had a poor season--winning one game and losing five. The season opener against Harry Ainley proved to be a thriller with our boys winning a tight game (7-6). The next game, another close contest, was won by Scona (15-14). From there, with the help of bad breaks at crucial times, it was all downhill. The future at this time looks bright for next year with a good team expected. A solid effort by the whole team and a few breaks will give Eastglen a real winner.

JUNIOR FOOTBALL TEAM

(FIFTH ROW) Mr. Tychon, Don McCurdy, Dave Olson, Boris Luciw, Bill Millewicz, Mr. Hrychuk.

(FOURTH ROW) Carl Schleiter, Jim McGugan, Rick Hart, Ken Gelech, Bob Crawford.

MISSING: Gary Benson, Dale Toffan, Murray MacIntyre, Hank Koster, Brian Draginda, Kerry Cooper, Norm Welsh, Craig McPherson.

The Junior football team had a disappointing year, losing all six games. The offence could not put together enough long marches that ended in touchdowns. The overworked defence played well but was often victimized by the "long bomb". We'll have to chalk the past season up to experience. Nevertheless, the team displayed good "esprit de corps", especially evident on the bus heading for the game. Our thanks to the cheerleaders.

JUNIOR GIRLS' VOLLEYBALL TEAM

(FRONT ROW) Carol Melmoth, Dianne Holland, Cheryl Norcutt, Marg Schneider.

(CENTER ROW) Darlene Tkachuk - Manager, Susan Rawlings, Mary-Ann Chorney, Gail Wagil, Sandy Heron, Mrs. Rosiewich - Coach.

(BACK ROW) Pat Wilson, Vicki Walters, Bev Sawchuk - Captain, Cheryl Yeatheard.

The Junior Volleyball team this year was not highly successful. Although we did not have a very good season, we enjoyed ourselves. Thanks to the excellent coaching of Mrs. Rosiewich we hope to make a real effort to win more games next season.

SENIOR GIRLS' VOLLEYBALL

(BACK ROW) Chris Bodnar - Manager, Greta Hanke, Norma Whitten, Pat Phillipchuk, Donna Anderson, Gail Tallas, Miss Wilson - Coach.

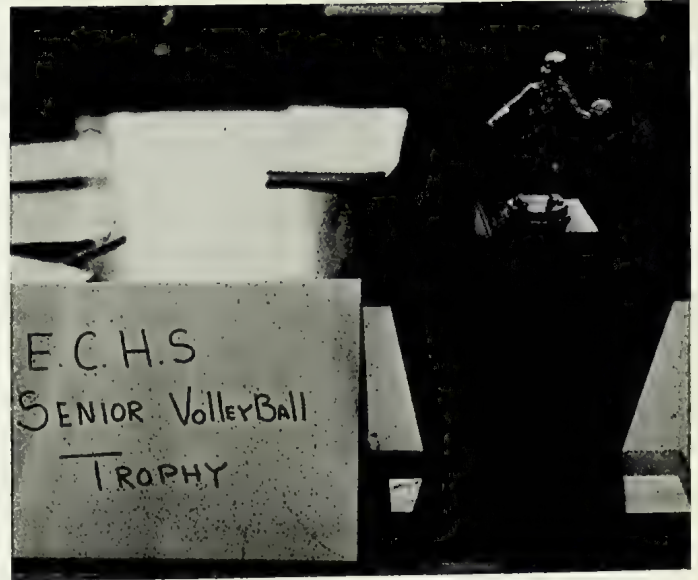

(FRONT ROW) Debbie Leffler, Linda Bochon - Ass't Captain, Marlene Serediak - Captain, Liz Gluckie - Ass't Captain, Gloria Letniak.

MISSING: Gloria Tremblay.

CITY CHAMPIONS

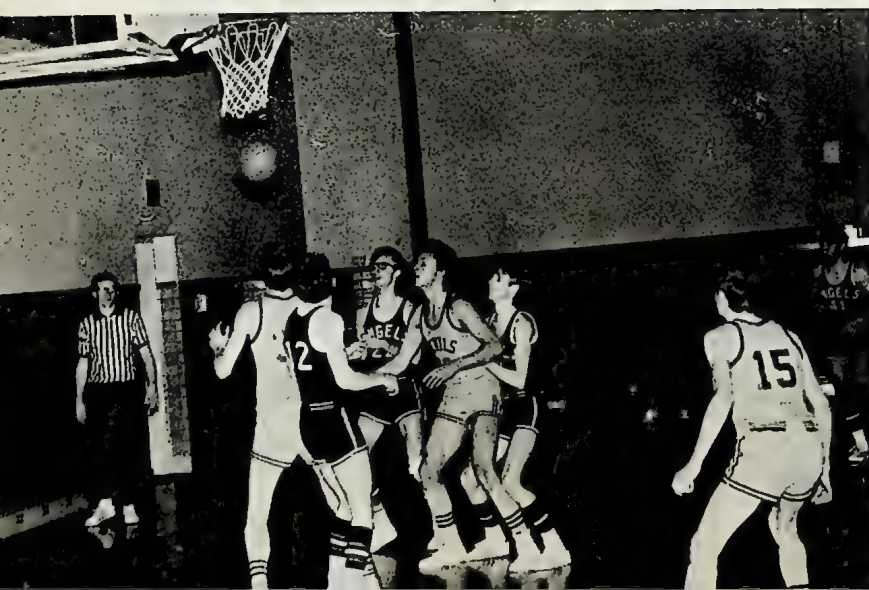

This year's team was one of the strongest teams ever in the city of Edmonton. The girls won 38 out of 42 league games ending up first in their division. Harry Ainlay and Eastglen advanced to the city finals. It was a three out of five and Eastglen won the first three games (15-0, 19-17, 15-12). The girls went on to represent Edmonton in the provincial finals and placed third in this competition. All but one of the girls will be back at Eastglen next year so we look for a strong team again.

SENIOR BASKET

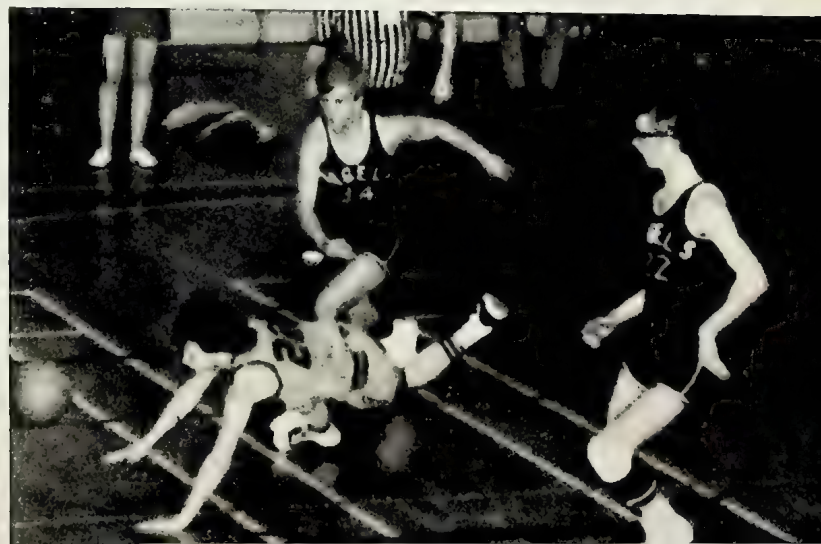

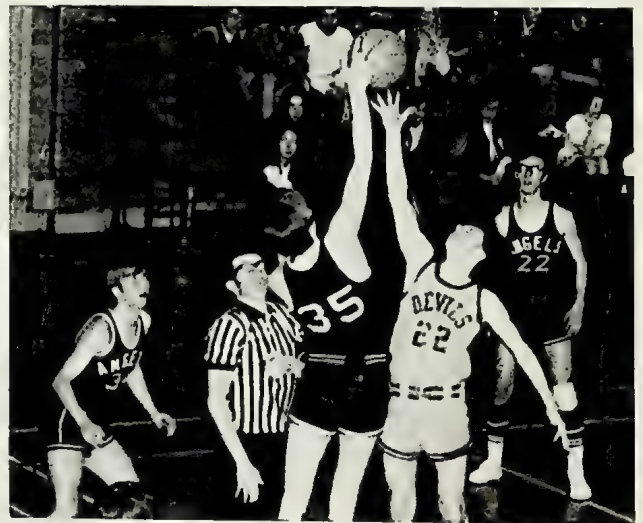

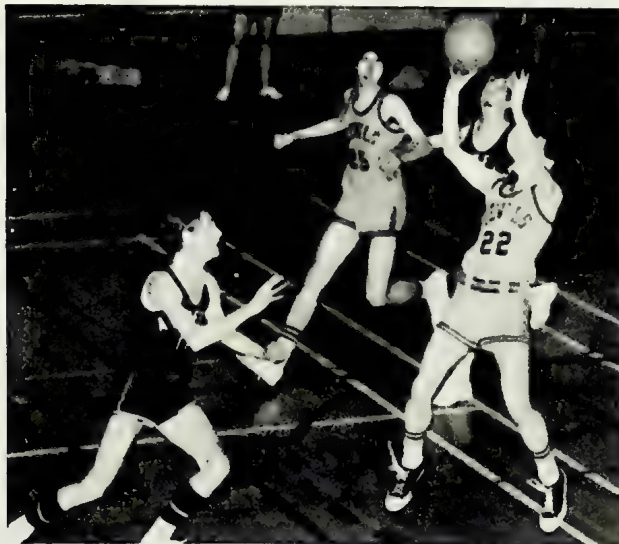

Bob Wynia (Center), Dave Fraser (Forward), Craig McPherson (Forward), Mike Calverly (Guard), Brian McClary (Guard), Perry Brown (Forward), Jim Goruk (Manager), Mr. F. Gorgichuk (Coach).

MISSING: Gord Lewis (Guard), Wilf Harper (Center), Dale Rusnik (Guard), Wayne Anderson (Forward).

BALL ACTION

Eastglen's Senior Basketball team started slowly and then came on very strong to finish the season in fifth place. The team was unsuccessful in the exhibition season as they were unable to win a game. Of the 14 league games played the seniors came out winners in 10 of them. The team specialized in close contests, coming from behind game after game to secure a spectacular last-minute victory. In the playoffs, our team lost out in the quarter-finals to Scona. Next year even greater things are expected as over half of the players will be coming back for another year. The Seniors were capably coached by Mr. Gorgichuk.

JUNIOR BOYS' BASKETBALL

The Junior Basketball team had a fairly successful year winning nine games while losing eight; however, they missed the play-offs despite their winning record. The team started the season strongly winning eight of their first eleven games before entering a late season slump. This year's team lacked experience; however, a good share of the players should be returning for next season. The juniors showed a good deal of team spirit and were coached by a former Eastglen graduate, Frank Ainsworth.

SENIOR GIRLS' BASKETBALL

Renita Englert - Manager, Greta Hanke - Co-captain, Gail Tallas, Evelyn Gushaty, Chris Krueger, Linda Bochon, Pat Phillipchuk - Co-captain, Jackie Andrichuk, Donna Anderson, Denise Richmond, Linda Soluk, Miss Wilson - Coach.

The Senior Girls' Basketball Team had quite a successful season. They lost their first league game and went on to win all but one of their remaining league games, finishing in second place. They beat St. Francis Xavier in the play-offs, but were then defeated by Scona. Linda Bochon was the team's high scorer, producing 25 points against Austin O'Brian. All but two of the girls should be back next year.

JUNIOR GIRLS' BASKETBALL

(FRONT ROW) Doris Liimatainen, Cheryl Norcutt, Jackie Squarok, Gloria Letniak, Dianne Holland.

(BACK ROW) Juanita Janzen - Manager, Mary-Ann Chorney, Chris Bodnar, Wilma Woelinga, Pat Wilson, Diane Sugiyama, Mrs. Rosiewich - Coach.

MISSING: Dorothy Leskie.

The Junior Girls' Basketball Team won two of their seven games this year, but not to make excuses, lost three of its team members in as many games. We did our best and got into the quarter finals where we were defeated by St. Mary's. The top scorers on the team were Jackie Squarok and Gloria Letniak.

SENIOR CHEERLEADERS

(FRONT ROW) Colleen Fidler, Erica Gallwitz. (BACK ROW) Renita Englert, Roberta Filipchuk, Evelyn Gushaty, Cheryl Erhardt.

Cheering at football and basketball games were the main activities of the Senior Cheerleaders during 1969-70. To earn money, banners and ribbons were sold to the student body and a Chili Dinner was held in February to climax a successful year.

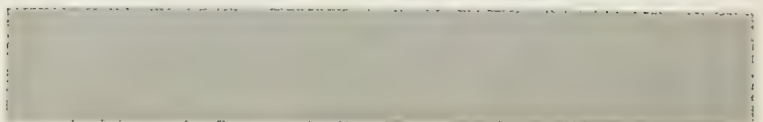

JUNIOR CHEERLEADERS

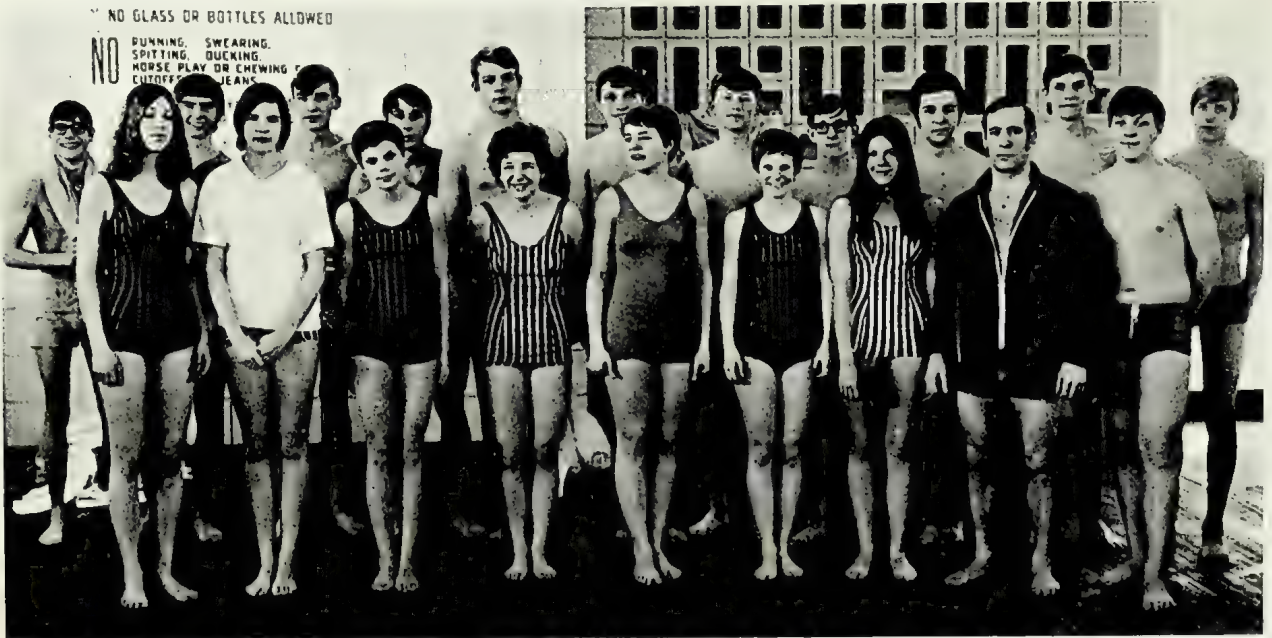

Zuki Siyo, Karen Pineau, Renita Englert, Debbie Hauptman, Charlene Roberge. MISSING: Joyce Williston.

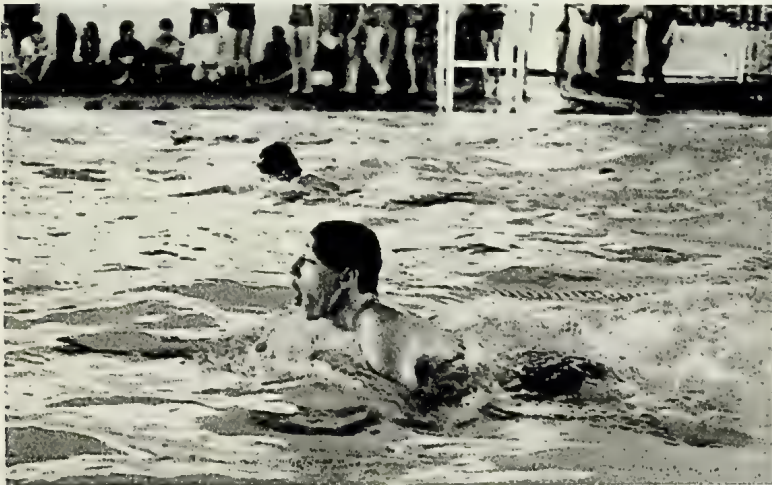

The Junior Cheerleaders were active this year at Junior football and basketball games and they helped the Senior Cheerleaders stir the enthusiasm at Senior games. They also helped with the chili dinner to earn money for new uniforms.

SWIM CLUB

(BACK ROW) unidentified donkey from Scona, Neil Warner, Harry Van Woerdan, John Paran, Rex Vollema, Larry Bensch, Tom Plupek, Rick Starchuk, Ron Sherstan, Chris Breakey, Eric Olson. (FRONT ROW) Janet Pawlyk, Linda Wiltzen, Brenda Anderson, Margaret Wheeler, Susan Rawlings, Gayle Irwin, Susan Rock, Mr. Groff, Ray Starchuk. MISSING: Jean Marshall, Darrel Singh.

Outstanding is the only word that can describe this year's swim team. They didn't finish first in the city but in effort and spirit they were unequalled. The team won two tri-meets, finished second twice, and third once. Before the city championships, they were unofficially ranked fourth. At the championship meet they finished fifth. All but one of the team is returning next year and we are looking for at least a third place finish.

WATER POLO CLUB

While not having the financial and organizational advantages of being part of a league, the Water Polo Club nevertheless established itself as the leading high school water polo club for this year.

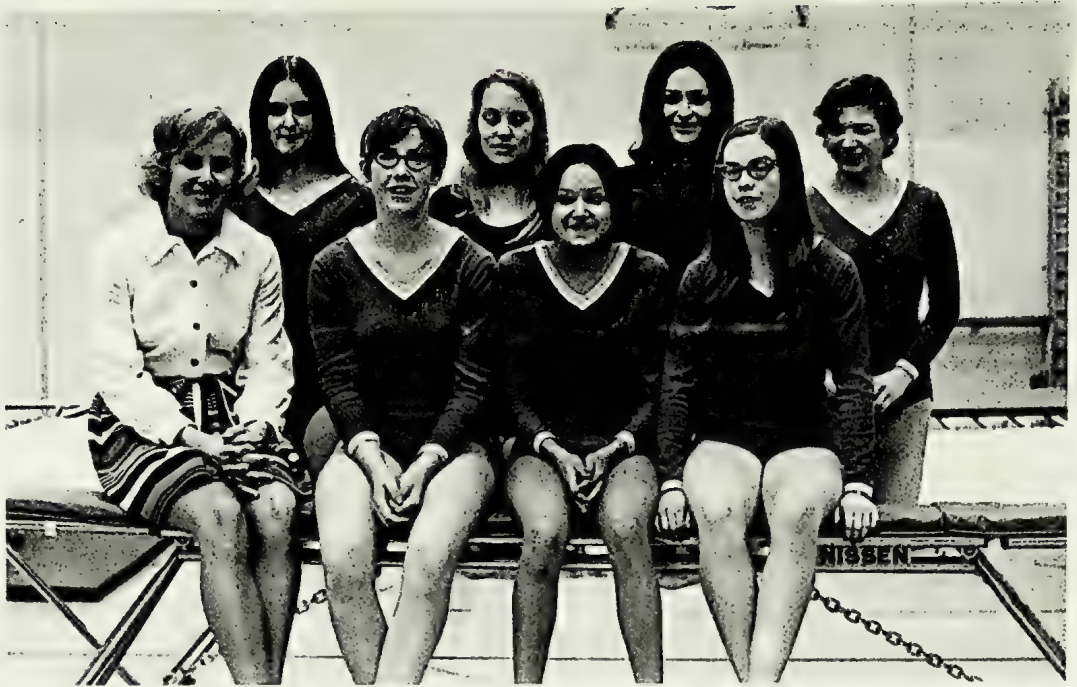

Eastglen defeated Bonnie Doon three times, Victoria twice, and Scona once. The highlight of the season was winning the February tournament in the face of spirited competition from Vic and Bonnie Doon.

Two members of the club must be singled out for special mention: Darcy Kennedy for his early formative work, and Darrel Martin for his splendid coaching and training work. The team as a whole is noted for its courage, stamina, and fighting spirit.

(BACK ROW) Darcy Kennedy, Mr. Trenchard, Larry Bensch, Chris Breakey, Don Agnew, Tom Plupek, Lou Houde, Neil Warner, Eric Olson. (FRONT ROW) Bruce Taciuk, Nicky Westera, Roger Marceniuk, Rick Starchuk, Jack Beauchamp, Ray Starchuk. MISSING: Darrel Martin, Dwayne Ewanchuk, Todd Hall, Rex Vollema.

GYMNASICS

Mrs. Byrne, Donna Kimmel, Colleen Fidler, Renita Englert, Jewell Burritt, Chris Krueger, Laurie James, Marg Wheeler.

Despite a small membership in the Gymnastics Club this year, we were able to send a team into competition which did very well in the preliminaries. Many thanks to Mrs. Byrne for doing such a good job with the girls.

WRESTLING

(STANDING) Mr. Curtis, George Sidor, Wayne McAra, Barry Riddell, Dave Nelson, Bill Hurl. (KNEELING) Larry Serbin, Barry Schula, Ron Sherstan, Randy Schur. MISSING: Gene Loga, Gary Hayward, Guy Knudsen, Carl Kuhnke, Rod Petrysher.

Renewed interest in wrestling helped bring out a total of 14 wrestlers for this year's team. We hope next year the number will go up to thirty. Team members who did well in the final city meet were Larry Serbin with 4th place finish, Dave Nelson and Ron Sherstan with third place and Barry Schula with a second place.

WHEELCHAIR BASKETBALL

Included in our Senior Basketball team's series of exhibition games before the start of the regular season was a game with the Paralympic Team. These amazing basketball players knocked the stuffings out of our boys, but everyone had a good time, and the proceeds from the game were donated to the Paralympics.

SKIPS AND EXECUTIVE

Mr. Esdale, Colleen Mahoney, Gary Kinnell, Jim Hewko, Reg Jennings, Judy Buckland, Lee Hembling, Jim Power, Bill MacDonald, Rick Debenham, Dave Olsen, Neil Parker, Jack McPherson, Art Chomyk, Gary Brennan, Don Welsh, Pete Schreiner, Dawn Prins.

Boys' Curling Team

Reg Jennings(lead), Jack McPherson(3rd), Jim Power(skip), Mr. Esdale(sponsor).
MISSING: Bruce Forman(2nd).

The Mixed Curling Club had a very successful year. Sixteen teams competed in a round-robin draw, after which playoffs were staged in four sections, with winners declared in each event. The season concluded with a very popular student-teacher bonspiel.

Bowling started off with a bang in October when 70 swingers congregated at Todd Lanes. A hayride and party at Christmas provided fun and entertainment to spark up the holidays. Now 10 lanes are in use every Thursday, and a competition against Bonnie Doon Bowlers is being prepared.

In one year this club has developed into one of the more active organizations of the school.

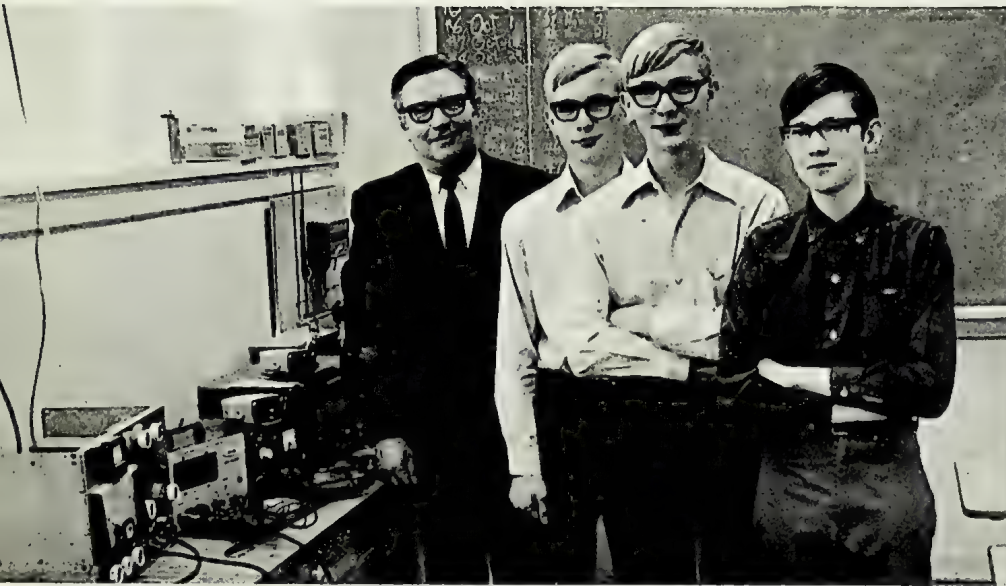

The Data Processing Club is made up of students and teaching staff who are interested in studying the electro-mechanical and electronic methods of handling information. The IBM series of key punch, verifier, sorter and accounting machine provides the model for the now out moded electro-mechanical equipment. Fortran IV has been the main device used in studying the electronic, digital, stored program computer.

ELECTRONICS CLUB

Mr. Marshall, Don Westacott, Doug Westacott, Lawrence Justus.

MISSING: Dave Pawliuk, Anthony Warwaruk, Ken Palamarchuk.

The Electronics Club has been in the process of modifying some surplus transcievers for the amateur radio band. The three licensed members are as follows: VE6AKM, VE6ANW, and VE6AHW. They have been giving regular codes classes to other members. It is hoped that a ham radio station will be set up this year.

The objectives of the Film Club are studying and making films. This year three films were shot and two were entered in expositions and competitions. This year the club, with the help of a loan from the Students' Union, purchased its own Super 8 movie camera. This contributed to a very successful year. Next year, we plan to start early and produce more and better films.

The purpose of this club is to hike across Alberta's boundless wilderness. This merry group of hardy souls has many times lived the wild ways of our ancestors. We have camped and youth-hostelled in places such as Jasper, Elk Island and Sandy Lake. In the winter we snow-shoe; in summer we climb mountains and we swim. Our main objects are to get out into the country, to live simply, to enjoy the challenge and beauty of our natural surroundings.

This year was the first year for this club, whose purpose is to find out how various industries function. Activities were somewhat curtailed since it is difficult to arrange for confrontations with industry after school hours. However, some worthwhile activities were undertaken including a tour of the Calder yards, sponsoring of Apprenticeship Week, and one or two good films. More activities are hoped for in the future.

The Inter-School Christian Fellowship Club has had a busy schedule this year. We went to meetings at members' homes for dessert or supper which was usually followed by a topic discussion, in which we tried to go a little deeper into topics of everyday life based on Christ's rules for our lives. We had a wiener roast, Christmas party, mystery-people and a fall and winter weekend camp-out at Pioneer Ranch at Sundre. Our purpose as I.S.C.F. members is to learn more about Christ and make him known. We also try to show that being a Christian is not dull and boring, but can be a life filled with happiness and fun.

Seventy-five girls registered at our annual Clubs Day but attendance dropped at our first meeting. At our first meeting a talk was given on posture and manners. A discussion on blue jeans attracted a very good mixed crowd to argue affirmatively and negatively. Everyone was involved and it seemed on the whole a great success. Three films were presented at our meetings: One on shoes, and two films on modelling and fashion careers. Talks on Grad '70 and summer careers rounded off the day.

MISSING: Claire Radke - Secretary.

Library Club applicants are accepted on the basis of personal qualities of honesty, reliability, and the ability to cooperate with fellow club members and the student body as a whole. Their work is voluntary and unpaid, and without them the library could not function efficiently. In full realization of its service to the school the Students' Union Clubs Board granted a continuing charter to the Library Club, upon its formation, in 1952. The tradition of willing courteous service has been maintained during the eighteen years of its existence.

The Marksmen Club is founded for the students of the school who would like to learn the safety of guns and the proper way to use them to have fun. This year the events of the club included Teacher Shoot, Turkey Shoot, Ham Shoot at Easter, and Competition Shoot against Vic. This club is run strictly by students who pay for the needs of the club. This club could not have existed if not for our sponsors, Mr. Cambell and Mr. Meakins, who help in its running.

PHOTOGRAPHY CLUB

Lawrence Justus, Angelica Wirblich, Raymond Iacousta, Phyllis Dickens, Larry Berzanski, Debbie Arent, Jim Cox, Margo Smereka, Mr. M. Abramowski, Klaus Ewikowski.

The Photo Club's major objective is to cover as many events, pictorially, at Eastglen as possible. Through this involvement in picture taking, it is hoped that the students will become acquainted with the various problems in photography; not only to become aware of these problems, but also to learn to correct and overcome the problems right from that trigger-happy moment, through the various photographic processes, to the finished print. In other words, the student should develop the ability to see that final picture the moment he presses the shutter button.

The Science Club has done many experiments this year. Some of them include phosphate analysis, micro-wave experimentation, glass blowing, model aircraft construction and flying, and high voltage experimentation. Although not a large club in Eastglen, the Science Club shows an avid interest in all activities. The purpose has been to enlarge and endorse any interests of the members.

MISSING: Mr. Tychon, Linda Adam, Jim Adam, Brian Engley, Bob Heron, Cathy Holub.

Due to a late ski season this year, the Ski Club only had three ski trips. One of the biggest things was Ski Night 69-70, which was one of the best shows we ever put on. There was a fashion show courtesy of Skiers Sportshop, displays by other various ski stores, and naturally "SKI THE OUTER LIMITS", a film that has won awards through Canada. We also showed a few other films during the year. The Ski Club, the largest club in the school made enough money to add on to next year's account, which will be a possible down payment on a bus for the school's benefit.

This year's Table Tennis Club was organized in October with Gwyneth Rogerson as president and a paid up membership of about a dozen boys and girls. The table (sometimes tables) were kept busy practically every noon, and many worthwhile friendships were made. The club participated in a round-robin tournament with teams from six other Edmonton high schools. Our team was at a disadvantage in that we couldn't host any games because of inadequate playing facilities. All our games were "on the road". Even so, we tied fourth place but were eliminated in the play-off.

The Eastglen Weightlifting Club has two goals: one, weightlifting as a sport, and, two, weight training for various other sports. The members meet every Monday, Wednesday, and Friday from four to six p.m. The club had a very successful school competition and two members won a second and third place finish at the Edmonton Open Weightlifting Competition. Members competed in the Winter Games at the U of A on April 4th and the Edmonton High School Olympic Meet on April 17.

The topics centered on "If Sir Winston Churchill were alive today..." Congratulations to these two people for their fine effort.

ATHANASIOS ANAGNOU-

OUR FOSTER CHILD

Eastglenites once again took on the responsibility of being foster parents of Athanasios Anagnou, a ten year old Greek boy. Athanasios lives in Lamia, a village in central Greece, and is presently in the fifth year of primary school. According to their school system, he will write his gymnasium exams next year to determine if he will continue his education.

The Anagou family consists of his father, mother and himself. The father is disabled by hemiplegia, a paralysis of a portion of the body, thus placing an extra burden on the family. Athanasios' mother has a nervous condition and kidney trouble. She works as a labourer and also takes care of their farm. Their average income amounts of \$16.00 per month. To supplement their income, Eastglen sends them \$200 per year, in care of the Foster Parents Plan of Canada. Much of this money is used to buy clothing and vitamin pills for the family.

In addition to this amount, a Christmas gift is sent directly to the family for their own use. This year we raised over one hundred dollars.

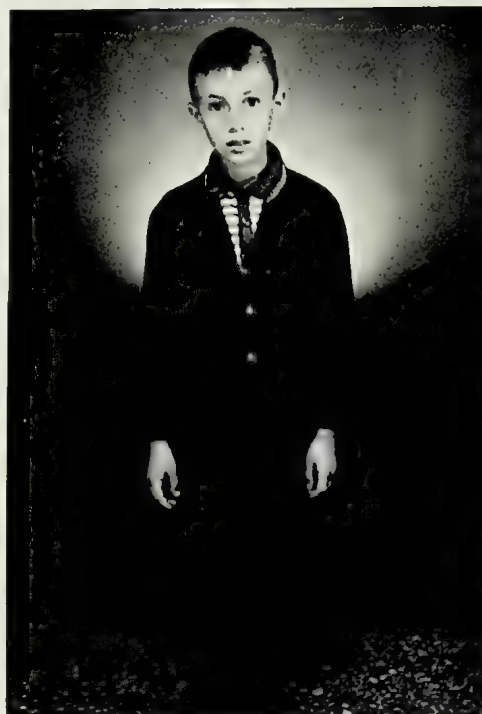

Through this relationship, Eastglenites hear how a youngster in another part of the world thinks and behaves.

In every letter we receive, Athanasios expresses great enthusiasm and ambition to finish his education. The following letter which we received in November 1969 is typical of this:

Respected Foster Siblings,

I'll now write how is the weather and what lessons we are doing in school- I wish you to be always well- I am always thinking of you with joy- I hope that you are having a good time in your beautiful country- I believe that you are doing good progress in your lessons in school and that you are having a good time- here lessons in our school are continuing intensely and this year I am studying more because I am going to the 5th grade- the weather here is pleasant and it is neither very cold nor hot- now sowings are taking place and it is the most blessed moment- olives are getting ripe together with other fruits as apples, oranges, pears, pomegranates etc and dry ones as chestnuts, almonds etc- nature around us is melancholy and sweet- we are now making preparations for Xmas and the coming winter and soon it'll come in all its pomp- now all inhabitants of my village will be busy with the gathering of olives- I am awaiting your letter with happy news- in Oct. we received 240 drs (\$8) and 1 tin olive oil- you have regards from my parents- I greet you, your brother.

Athanasios.

In one of the most crowd-pleasing yearplays in many a year, Eastglenites were treated to three fun-filled, rollicking performances of *Good-bye, My Fancy*, written by Kay Fanin. Donna Snell played the role of Agatha Reed, a congresswoman who returns to her old college, Good Hope College, to receive an honorary degree. Here she tries to rekindle a love with Prof. Merrill, played by Darrell Myroniuk. However, Matt Cole (Andy Boyd), a Life photographer and a suitor of Agatha, shows up.

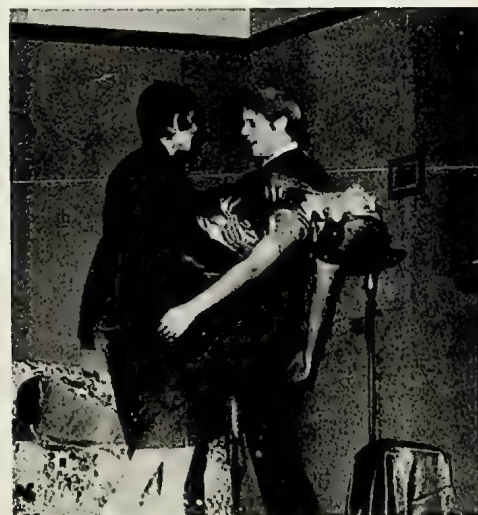

Throughout the play Miss Shackelford (Robyn Kaminsky) races on and off stage wreaking havoc and bringing roars of laughter from the audience. Many thanks go to the teachers and students who helped in the production and especially to Mr. Porcsa and the cast.

Agatha: "I know that you're a coward...."

Miss Shackelford: "I see Mrs. Griswold's been the early bird."

Woody: "Okay. You put her on the bed. I'll be along in a few minutes and put her in it."

MaryNell: "My God. I lost it Junior year."

Ellen: "Clara Bow. You forgot to take her when you left."

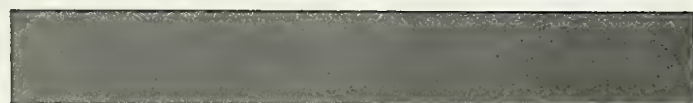

Agatha: "Goodbye, my Fancy, Farewell, dear mate, dear love. I'm going away, I know not where...."

Miss Shackelford: "Organization, everyone. We'll never get through a weekend like this without organization."

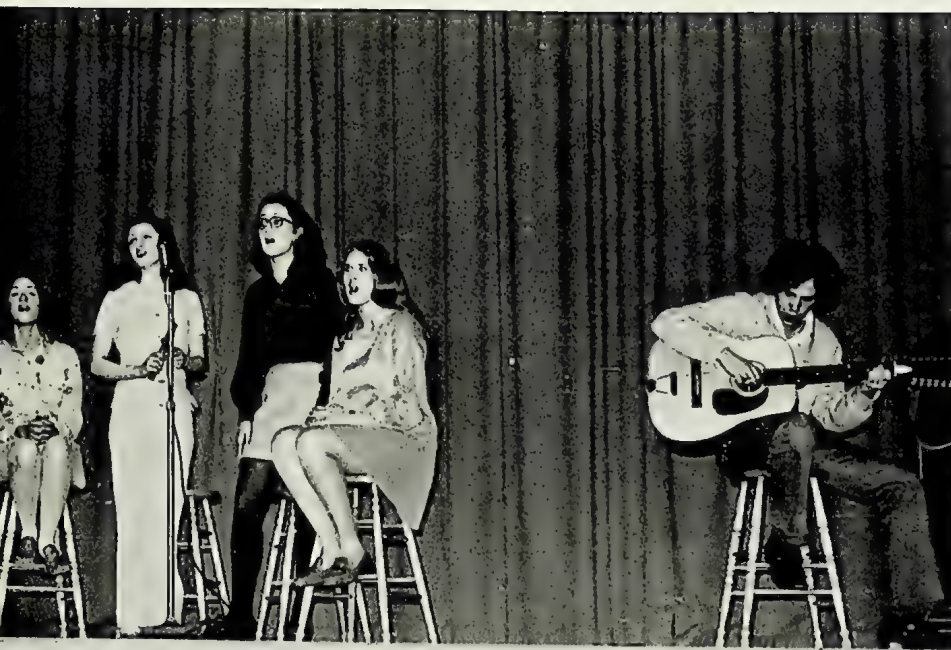

ART AT EASTGLEN

In December, an Ice Carving Contest for various competing high schools in the city was held in Churchill Square. The theme was "Eskimo Art" and Eastglen was assigned to carve a goose. Art students and various volunteers came out full force at nine o'clock on a Saturday morning. Though our goose looked more like a chicken, our effort yielded us seventh place.
